

Instant Messaging

LAMS 2.3 Feature

Instant messaging is to be implemented in [LAMS version 2.3](#)

Instant Messaging Documentation

LAMS Documentation on the Instant Messaging feature is available [here](#).

Instant messaging allow teachers and learners to communicate while they are working on a LAMS lesson. The teacher is able to turn on or off this setting from Monitor.

Examples:

LAMS Learner - Google Chrome
http://localhost:8080/lams/learning/mainflash.jsp?lessonID=5&portfolioEnabled=true&presenceEnabledPatch=true&presenceImEnabled=&presenceUrl=shaun.melcor
